

# CHRISTIAN LIFE NOTES

## OREGON DISTRICT LWML

### BACK TO SCHOOL

This idea all started when my sister said "Every time I see the Fed-Ex truck I pray for Lance."

(Lance, our nephew, is a Fed-Ex Driver).

So when I saw a school bus making a practice run through the neighborhood I thought – every time I see a school bus I should pray for my neighborhood children. And then I thought I could pray for the teachers, the staff, the bus drivers, the families, the ones still at home, for those who are unable to go to school and for the privilege of education we have in this country.

So that's what I think I will do. While I wait behind a long line of cars watching that stopped school bus unload its precious cargo, and any other time I see a bus, I'll pray. Why not join me???

Are you planning  
to attend?

Who could you  
ask to go with  
you?

Could you offer a  
study in your  
home for the  
neighbors?

Maybe start a  
Prayer Group?
